

PCN: V12-001-48475419-0A

Product Change Notice

Issue Date: 20 Jan 2012

Change Type:

Change from Gold bonding platform to Aluminum Bonding platform

Parts Affected:

HCMS-3917

QCMS-2930

QCMS-2997

Description and Extent of Change:

Bonding wire change:

Current	Gold (Au)
New	Aluminum (Al)

Reasons for Change:

Assurance of supply to customers

Effect of Change on Fit, Form, Function, Quality, or Reliability:

There is no change on device specification and product electrical performance. Appropriate electrical characterization and reliability qualification have been performed on the product to ensure normal parametric distribution and consistent electrical and reliability performance.

Effective Date of Change:

New changes will be implemented on 20 April 2012. Starting this date, shipment may contain either existing parts or new parts until the existing materials are depleted.

Qualification Data:

Qualification data would be available upon request.

These changes have been reviewed and approved by Avago Technologies engineers and managers per Avago Technologies' procedure: Change Control and Customer Notification, A-5962-6052-80.

Please contact your Avago Technologies field sales engineer or Contact Center (<http://www.avagotech.com/contact/>) for any questions or support requirements. Please return any response as soon as possible, but not to exceed 30 days.
