Description and Extent of Change:

There is no change to the material and supplier. The characteristic and dimension of the product are the same except for the cosmetic appearance stated as below:

Reasons for Change:

- To replace existing tool due to end of tool life
- Improve tooling design to increase manufacturability of lens.

Effect of Change on Fit, Form, Function, Quality, or Reliability:

There is no change on material, device specification and product performance. The lens has comparable performance as the existing lens base on reliability and characteristic test.

Effective Date of Change:

New changes will be implemented on 8 December 2014. Starting this date, shipment may contain either existing parts or new parts until the existing materials are depleted.

Qualification Data:

Products passed all mechanical and optical assessment.

These changes have been reviewed and approved by Avago Technologies engineers and managers per Avago Technologies' procedure: Change Control and Customer Notification, A-5962-6052-80.
