Change Type:

Avago Technologies is qualifying an alternate scrambler and painting source for leadframe S4 and Annunciator

Parts Affected:

All leadframe S4 and Annunciator, refer below for full part number lists

Description and Extent of Change:

The selected new supplier shall be the alternate choice for existing painting and scrambler supplier. The new painting and scrambler will have the same functionality as the existing part

Reasons for Change:

To ensure continuous supply of all leadframe S4 and Annunciator

Effect of Change on Fit, Form, Function, Quality, or Reliability:

There will be no change of fit and function per product datasheet. New scrambler will have slight color tone different comparing to existing part, refer photo below:

Qualification is in progress to ensure both parts are comparable.

Effective Date of Change:

The official PCN will be issued by Oct 14 and shipment of this new scrambler supplier will begin 90days after official PCN date

There won't be 2 suppliers parts mixture in one tube upon shipment.

The actual implementation by datecode will be advice later

Qualification Data:

Qualification test is in progress and progressive data will be provided upon request

Sample availability:

Limited samples from selected packages will be available from Oct 14 upon request
