

## CHANGE NOTIFICATION

Linear Technology Corporation  
1630 McCarthy Blvd., Milpitas, CA 95035-7417  
(408) 432-1900

November 21, 2014

Dear Sir/Madam:

PCN#112114

### **Subject: Notification of Additional Assembly Location, ASE Korea for LTM4607**

Please be advised that Linear Technology has successfully qualified ASE Korea as an assembly site for the subject packages. It was desirable to qualify ASE Korea to serve as an alternate source since it is located in a different geographic area than our existing assembly location in Penang, Malaysia. ASE Korea is ISO9002, QS9000, ISO14001, TS16949, OHSAS 18001 and QC80000 certified. A summary of ASE Korea's product mix and LTC's qualification results are shown on the attached pages. The facility passed a site audit by LTC's supplier quality organization. LTC product assembled in ASE Korea can be identified by the country of origin marked on the device as "KR". The product photos showing the ASE Korea marking are attached. The datecode of the first units assembled by ASE Korea will be approximately 1434. The list of affected part numbers is presented below in the table.

Part Number	Part Marking	Package Type	Datecode (Approx.)
LTM4607EV#PBF	LTM4607V	LGA	1434
LTM4607IV#PBF	LTM4607V	LGA	

Additionally, Linear Technology performs reliability testing on production lots in accordance with our Quick Reaction Reliability (QR2) Monitor Program. This monitor program is designed to provide fast feedback for possible reliability problems associated with package assembly. Please provide an expeditious approval to this PCN, so that LTC can build subject packages at ASE.

Should you have any concerns, please contact me before January 21, 2015, at which time we will consider this change to be approved. If you have any questions or concerns, please feel free to contact me at (408) 432-1900 ext. 2077 or by e-mail at [JASON.HU@LINEAR.COM](mailto:JASON.HU@LINEAR.COM).

Sincerely,

Jason Hu  
Quality Assurance Engineer

## ASE Korea Capacity Summary

ASE Korea  
76, Saneopdanji-gil, Paju-si,  
Gyeonggi-do, Korea  
Tel: 82-31-9400-114, 82-31-9400-539  
Head counts: 2,791

# Package Portfolio - Breakdown

- Analog Power for Automotive
- RF for digital/consumer
- MEMS for safety
- Array Packages

## 2013 Production Mix by Package

Confidential Statement  
This change notice is for Linear Technology's Customers only.  
Distribution or notification to third parties is prohibited.

# Quality System Certification

- ISO9002 certified by SGS-Yarsely in December 1993.
- QS9000 certified by LRQA in June 1997
- ISO14001 certified by LRQA in October 1999
- TS16949 certified by LRQA in August 2003
- OHSAS18001 certified by KFQ in September 2005
- Sony Green Partner certified by Sony in August 2007
- QC80000 certified by SGS in November 2007

\*Surveillance Audit : Every 6 Months
