Subject: Qualification of OSE Taiwan as an Additional Shipping Location for Cypress Products

To: TOKYO ELECTRON DEVICE
CYPRESS PCN
cy-pcn@teldevice.co.jp

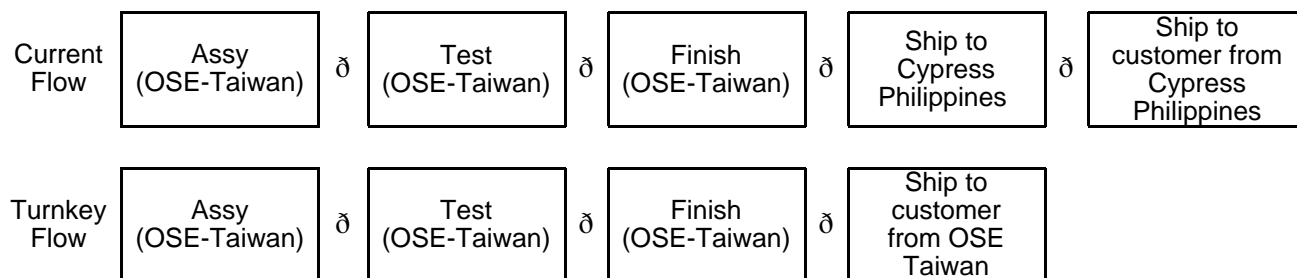

Change Type: Minor

Description of Change:

Cypress announces the qualification of Orient Semiconductor Electronics, Ltd. (OSE) in Kaohsiung, Taiwan as an additional shipping location for Cypress products. Customers are expected to receive direct shipments from OSE Taiwan starting September, 2015. OSE Taiwan is one of the world's largest independent semiconductor manufacturing service providers in assembly and test operations. Their assembly and test facilities in Kaohsiung, Taiwan are a qualified turnkey site for Cypress products.

Benefit of Change:

OSE is located in the Nantze Export Processing Zone (next to Kaohsiung International Airport). This change will enable OSE to ship Cypress products directly to the customers, implementing a full turnkey solution that will provide faster delivery and reduction in cycle time.

In addition to OSE, Cypress will continue to ship orders from Cypress Philippines and other approved sites in Taiwan. Cypress will use existing routing instructions for Kaohsiung-origin shipments, unless Cypress receives other instructions from our customers. If there is a need to change routing instructions for the orders originating from Kaohsiung Taiwan, please contact your local Customer Marketing Representatives.

Affected Part Numbers: 291

Affected Parts: See the attached 'Affected Parts List' file for a list of all part numbers.

Response Required:

This is an information only announcement. No response is required
