Date: March 16, 2015

Subject: Addition of Wafer Fabrication Location Code on Outer Labels

To: HIRONO KAKINUMA
CYPRESS INTERNAL
hbk@cypress.com

Change Type: Minor

Product Information:

Effective April 6, 2015 all shipments will include a code to designate the wafer fabrication country on the outer labels. The redesigned label will follow the ISO recognized two letter code format.

Please see the attached files for a comparison of the old and new labels, as well as a listing of country codes by site. Note that custom labels are not affected by this change.

Approximate Implementation Date:

This change will be implemented from April 6, 2015. Due to inventory lag times through shipment channels, customers should expect to receive shipments with and without the country code for a period of time.

Response Required:

This is an information only announcement. No response is required

For additional information regarding this change, contact your local sales representative or contact the PCN Administrator at pcn_adm@cypress.com.

Sincerely,

Cypress PCN Administration
