PRODUCT INFORMATION NOTIFICATION

PIN: PIN192601

Date: June 26, 2019

Subject: Shelf Life Extension of Development Kits

To: TOKYO ELECTRON DEVICE
TELDEVICE
cy-inside@teldevice.co.jp

Change Type: Minor

Description of Change:

This notification is to inform customers about a decision to extend shelf life of Development Kits from 2 to 5 years.

Cypress has decided to improve the shelf life of Dev Kits from 2 to 5 years considering quality and reliability aspects of the products. Customers will be shipped with Kits for their orders whose date codes will not be greater than 5 years. And there is no compromising on the quality of the products though.

The manufacturing procedure covers detailed inspection of the components used in assembly and the test procedures ensure that the products are most reliable.

Benefit of Change:

This provides longer usability of products to customers.

Part Numbers Affected: 614

See the attached 'Affected Parts List' file for a list of all part numbers affected by this change. Note that any new parts that are introduced after the publication of this PIN will include all changes outlined in this PIN.

Approximate Implementation Date:

This change was implemented last 2/28/2019.

Anticipated Impact:

Products manufactured are completely compatible with existing product from form, fit, functional, parametric, and quality performance perspectives.

Method of Identification:

Date code on the product will be within the 5 years (60 months) period from the date of manufacture.

Response Required:

This is an information only announcement. No response is required.

For additional information regarding this change, contact your local sales representative or contact the PCN Administrator at pcn_adm@cypress.com.

Sincerely,

Cypress PCN Administration
