Subject: Extending Product Support of Cypress Dual-Port SRAMs and FIFO Products with Rochester Electronics

To: TOKYO ELECTRON DEVICE
TELDEVICE
cy-inside@teldevice.co.jp

Change Type: Minor

Description of Change:

Cypress has arranged to have Rochester Electronics help promote the product longevity of Cypress Dual-Port SRAMs and FIFO products, which were previously discontinued through Product Termination Notice PTN180501 dated January 28, 2018.

Benefit of Change:

Rochester Electronics provides long-term supply for customers, especially for End-of-Life products to help extend product lifecycle for users.

To be able to provide any additional End-of-Life support of Cypress Dual-Port SRAMs and FIFO products, Rochester Electronics has acquired from Cypress all of its residual excess inventory (wafers and packaged inventory) and also licensed from Cypress relevant product design files and data for wafer manufacturing purposes.

Part Numbers Affected: 163

Please see the attached file for a list of part numbers.

Impact to Direct Customers and Distributors:

Effective immediately, all direct customers and distributors will need to contact Rochester Electronics for any future requirements for such Dual-Port SRAMs and FIFO products. Meeting such requirements will be subject to the availability of the inventory and manufacturability by Rochester Electronics.

In relation to the previously announced Product Termination Notice PTN180501 dated January 28, 2018, all orders currently placed with Cypress (i.e., already on file with Cypress) will be honored by Cypress.

Please contact Rochester Electronics for details regarding product availability and pricing.

Quality/Failure Analysis:

For orders purchased through Rochester Electronics with Date Code 2002 and beyond, failure analysis will be handled by Rochester Electronics.

Approximate Implementation Date:

This change is effective immediately.

Response Required:

This is an information only announcement. No response is required.

For additional information regarding this change, contact your local sales representative or contact the PCN Administrator at pcn_adm@cypress.com.

Sincerely,

Cypress PCN Administration
