

PCN	Product Change Notification	De-13-07-0125	
Product	DIN 41612 / IEC 60603-2	Date of Publication:	
		26.07.2013	

Product: Press-in add-on for female connectors type TE, RD and male connectors type E, CD

Type of Change: minor (B) change

Reason of Change:

Improvement of production process.

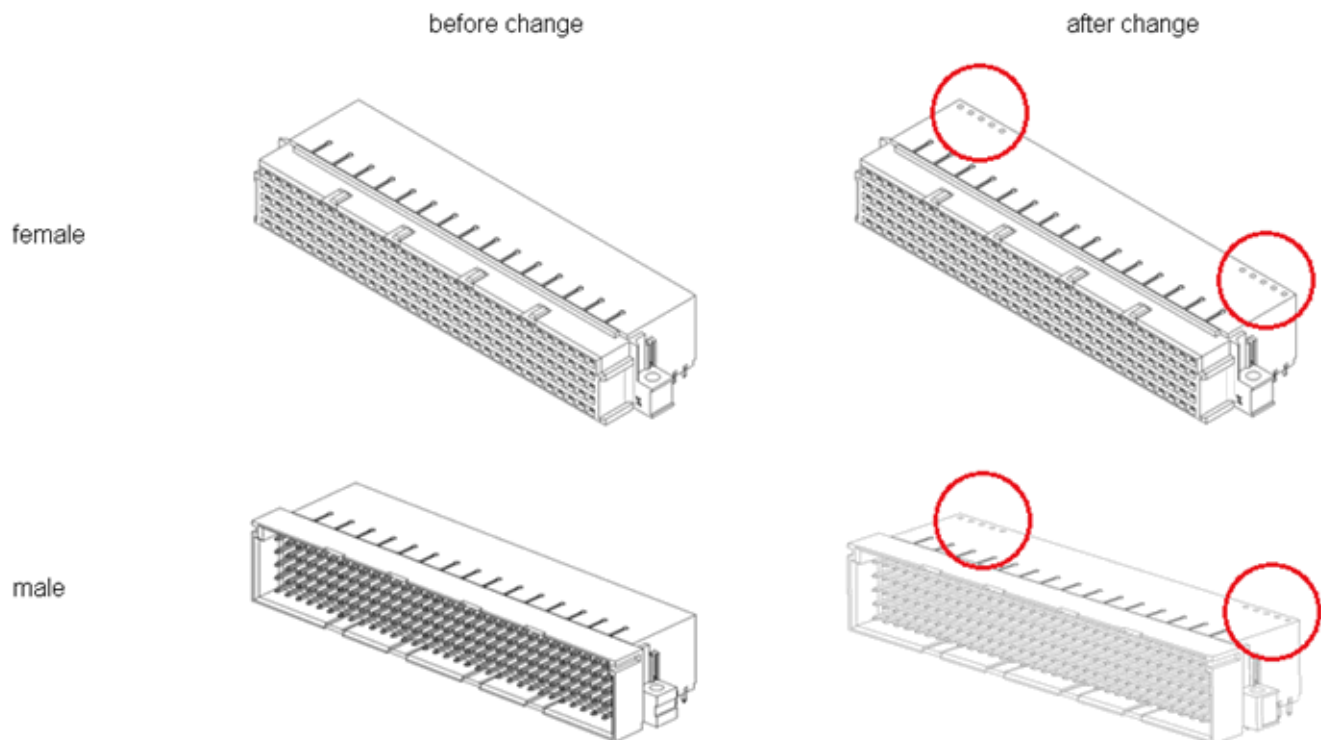

Alternate product replacement:

n/a

Originator: Darius Clement/MK/Vertrieb/EE/de/ERNI , +49 7166 50-369, darius.clement@erni.de

Due to improvement of the machine tools for the production process the press-in add-on's of the DIN male type TE, RD and DIN female type E, CD have been slightly modified.

This change will be operated without partnumber change and is effective immediately.
It will not affect reliability of product and has no impact on fit or function of these connectors.

Products Affected / Types

DIN 41612 female connectors type TE, RD and male connectors type E, CD
