リファレンスマニュアルのLBCR(AHD)ビットフィールドに関する誤記訂正をお知らせします。

正)

LBCR[AHD]=0 dictates that during address phases on the local bus, the LALE signal negates 1 platform clock period prior to the address being invalidated.

LBCR[AHD]=1 dictates that during address phases on the local bus, the LALE signal negates 1/2 of a platform clock period prior to the address being invalidated.

誤)

LBCR[AHD]=0 During address phases on the local bus, the LALE signal negates two platform clock periods prior to the address being invalidated.

LBCR[AHD]=1 During address phases on the local bus, the LALE signal negates one platform clock period prior to the address being invalidated.
