

Discontinuation Notification

201809007DNU01

Issue Date: 03-Nov-2018

Effective Date: 04-Nov-2018

UPDATE

QUALITY

Discontinuance of MPC8260/55/50, 8245/41, 8560/40, 8555/41, 850, MC8610, and P1023 families

Discontinuation Information

This discontinuance notice is a full withdrawal of these families: MPC8260/55/50, MPC8245/41, MPC8560/40, MPC8555/41, MPC850, MC8610.

Last order date is March 13, 2019

Last delivery date is September 14, 2019

The discontinuance notice for the P1023 family is a full withdrawal.

Last order date is March 13, 2019

Last delivery date is August 10, 2020.

This Discontinuation Notice confirms to your company that NXP Semiconductors (NXP) is now discontinuing the manufacture of a number of its integrated circuits and discrete semiconductors listed in the Part Type Affected list included with this notification. In accordance with NXP product discontinuation policy and JEDEC EIA/JESD48, we are hereby giving notice of these product changes so that Tokyo Electron Ltd can adjust their product purchasing records, or make any final lifetime purchases of the discontinued products that can still be supplied by NXP.

While this Discontinuation Notice contains a number of NXP discontinued end-of-life Product Types, the Part Types Affected (PTA) list represents a small percentage of NXP overall semi-conductors product portfolio. Some of these discontinued products have had little to no recent sales history or they are at the end-of-life (EOL) stage. The PTA list may also cover a number of versions or selections of the same basic Product Type.

We regret the inconvenience and impact this notice may cause. NXP Semiconductors' sales, marketing and distribution personnel stand ready to assist you in placing Tokyo Electron Ltd's final orders, or in providing product information you require. On behalf of NXP Semiconductors, we appreciate your understanding and assistance in helping us to help you minimize the impact of this product discontinuation on your company. We look forward to NXP Semiconductors' continued support of your company's semiconductor requirements

in the years to come.

Reason for Discontinuance

Manufacturing these products is no longer sustainable.

About NXP Semiconductors

NXP Semiconductors N.V. (NASDAQ: NXPI) provides High Performance Mixed Signal and Standard Product solutions that leverage its leading RF, Analog, Power Management, Interface, Security and Digital Processing expertise. These innovations are used in a wide range of automotive, identification, wireless infrastructure, lighting, industrial, mobile, consumer and computing applications.
