(Initial and date all changes/No pencil or whiteout/Cross out all errors.)

**PCN # : 90515-41**

**Part # : FM24C64-G**

**Date Issued: 5/19/09**

**Date Effective: 5/19/09**

### Means of Distinguishing Change :

- Product Mark
- Date Code
- Other

The lot code will begin with B.  
 Top side mark example:

FM24C64-G (Part#)  
 Bxxxxx (lot code, B indicates this revision)  
 RIC YYWW (Date Code)

### Purpose of Change:

- Design
- Process
- Assembly
- Test
- Manufacturing
- Data Sheet
- Product Mark
- Other

Production of these devices will be moved to one of our US-based foundries. The new device will be a form, fit and function replacement.

The new device will be available for evaluation in Q1/2010. Production will transition during the second half of 2010.

Ramtron will maintain inventory on the current revision through Q2/2011.

### Quality Assurance Summary :

The US wafer fabrication site for this product is certified to ISO9001, ISO14001, QS9000 and TS16949. Process and product qualification will be concurrent with sample availability.
