

Notification# 20220726002.0.A Datasheet for DCR01x Information Only The rev A is issued to correct the PCN number on page 3.

Date:September 13, 2022To:TOKYO ELECTRON DEVICE (DSTR) PCN

Dear Customer:

This is an information-only announcement of a change to the datasheet for a device that is currently offered by Texas Instruments.

The changes discussed within this notification are for your information only.

Any negotiated alternative change requirements will be provided via the customer's defined process. Customers with previously negotiated, special requirements will be handled separately. Any inquiries should be directed to your local Field Sales Representative.

For questions regarding this notice, contact your local Field Sales Representative or the Change Management team (<u>PCN ww admin team@list.ti.com</u>).

Sincerely,

Change Management Team SC Business Services

Information Only Attachments

Products Affected:

The devices listed on this page are a subset of the complete list of affected devices. According to our records, these are the devices that you have purchased within the past twenty-four (24) months. The corresponding customer part number is also listed, if available.

DEVICE

DCR010505U/1K DCR010505U

Technical details of this Product Change follow on the next page(s).

Changes from Revision D (June 2016) to Revision E (July 2022) • Updated the numbering format for tables, figures and cross-references throughout the document. • Added links to Section 2 • Added Efficiency and Load Regulation plots for DCR011203P to Section 7.6 The datasheet number will be changing. Device Family Change From: DCR01x SBVS013D SBVS013D SBVS013E These changes may be reviewed at the datasheet links provided. http://www.ti.com/product/DCR010503 Reason for Change: To accurately reflect device characteristics.	2022			
Change Type: Electrical Specification Description of Change: Texas Instruments Incorporated is announcing an information only notification. The product datasheet(s) is being updated as summarized below. The product datasheet(s) is being updated as summarized below. The following change history provides further details. DCR010503, DCR012405, DCR011203, DCR011205, DCR SBVS013E - OCTOBER 2001 - REVISED J Changes from Revision D (June 2016) to Revision E (July 2022) • Updated the numbering format for tables, figures and cross-references throughout the document. • Added links to Section 2 • Added Efficiency and Load Regulation plots for DCR011203P to Section 7.6 The datasheet number will be changing. Device Family Change From: Change To: DCR01x SBVS013D SBVS013E These changes may be reviewed at the datasheet links provided. http://www.ti.com/product/DCR010503 Reason for Change: To accurately reflect device characteristics.	Title: Datasheet for DCR01x			
Description of Change: Texas Instruments Incorporated is announcing an information only notification. The product datasheet(s) is being updated as summarized below. The following change history provides further details.
